

SMPTE
October Section Meeting
Monday, October 10th, 2005

AUTOMATION SYSTEMS

PROGRAM BY:
Bob Peak and Sue Spiner of Harris

HOSTED BY:
WATL TV

Barbecue 6:30 PM Program at 7:00 PM

Ben Peak, Automation Solutions Product Line Manager, will speak about Automation and Content Delivery in today's Digital and MultiChannel Broadcast Facilities. Ben will discuss how Automation has evolved from the basic GPI triggers devices and events to become the foundation for Content Management.

Sue Spiner, MAM Sales Manager, will deliver a presentation on how to avoid the most common mistakes in the planning for and implementation of Asset Management systems.

Mike Harris, Regional Sales Manager, will buy the Barbeque!

All interested people are invited to this meeting. While we encourage you to join our organization, you do not have to be a SMPTE member to attend.

Pathfire is seeking to add a Sales Representative to its Broadcast Stations and Groups team. This technical sales position will be focused on developing and maintaining relationships with engineering and news management people at both the network and individual station level. This position will be based either in Atlanta or in the Northeast. If you interested in learning more about this opportunity, contact rcaird@pathfire.com.
